Mohana Sornambigai. S

Fresher

👤 Profile

- Hello, I'm Mohana, and I'm passionate about exploring the endless possibilities of the digital world. Currently pursuing my postgraduate degree in Computer Science, I thrive on the challenges and opportunities that this dynamic field offers
- My journey in the world of technology began with a deep curiosity for how things work and a relentless desire to make a positive impact on society through innovation. This drive has led me to delve into a wide range of computer science topics, from algorithms and data structures to machine learning and artificial intelligence.
- In addition to my academic pursuits, I believe in the importance of practical experience. I've had the privilege of working on diverse projects that have allowed me to apply my knowledge in real-world scenarios. Whether it's developing software solutions, optimizing code for performance, or designing intuitive user interfaces, I relish the process of turning ideas into tangible, functional creations.
- I look forward to connecting with like-minded individuals, collaborating on exciting projects, and sharing my journey as I continue to explore the vast landscape of computer science.

🎓 Education

10th, Vailankanni Matha Matric.Hr.Sec.School, Jakkampatty, Theni
2017-2018

Graduated with honor of scoring 94%

12th, Jai Sharadha Matric.Hr.Sec.School, Tirupur.
2019-2020

Graduated with honor of scoring 80.3%

Computer Science, A.V.P College of Arts and Science, Tirupur.
June 2020-May 2023

Graduated with honors scoring 86%.

🧠 Courses

Certificate course "PYTHON" conducted by Postulate Training center.

Certificate course "Front-End Development-HTML" in Great Learning.

🖥 Competition

Presented a paper on DATA MINING conducted by A.V.P College of Arts and Science, Tirupur and won 3rd prize.

Presented a paper on Hologram 3D Model conducted by A.V.P College of Arts and Science (IQAC), Tirupur
